REMARKS

New claim 109 replaces former claim 12, and refers to an annular part 176, which preferably is a plain washer as shown in FIG. 7 and described at specification page 10, line 41. This helps brace cocking spring 172 against part 148.

If there are any other informalities which need correction, in order to place the application in condition for allowance, kindly contact the undersigned.

Respectfully submitted,

Milton Oliver
